

NOW AVAILABLE FROM LITSCO:
GARD-N-EDGE

Now you have access to an economical edge-restraint system from a local fabricator with years of experience in the metal industry. Quick turn around times make this an ideal product for any size job.

Integrated Splice Plate: No additional pieces, improves installation times

Cut-Tab Corners: Tabbed corners allow for minor adjustments at corners. Just set and rivet to keep in place. Non-90 degree options available.

Standard Sizes: 5.5" x 5.5"

7" x 4" (pictured)

8" x 3"

Alternate sizes available upon request

Material Options: Aluminum - Mill, Anodized or Painted finishes:

.050" - .063" - .080" thickness

Copper or Zinc options offer a wide variety of finishes to meet your project needs.

Drainage Outlets: For improved water flow in and around the Gard-N-Edge
